## About the fund

- SMDV's holdings are the best dividend growers in the Russell 2000: quality companies that have not just paid dividends but *grown them* for at least 10 consecutive years.<sup>2</sup>
- As a group, SMDV's holdings generally have had stable earnings, solid fundamentals, and strong histories of profit and growth.
- SMDV's strategy has a demonstrated history of weathering market turbulence over time by capturing a significant portion of the gains of rising markets and fewer of the losses in falling markets.

The performance quoted represents past performance and does not guarantee future results. Investment return and principal value of an investment will fluctuate so that an investor's shares, when sold or redeemed, may be worth more or less than the original cost. Current performance may be lower or higher than the performance quoted. Performance data current to the most recent month-end may be obtained by calling 866.776.5125 or visiting ProShares.com. Index performance does not reflect any management fees, transaction costs or expenses. Indexes are unmanaged and one cannot invest directly in any index.

Carefully consider the investment objectives, risks, charges and expenses of ProShares before investing. This and other information can be found in their summary and full prospectuses. Read them carefully before investing. Obtain them from your financial professional or visit ProShares.com. ProShares are not suitable for all investors.

<sup>1</sup>SMDV's total operating expenses are 0.41%. <sup>2</sup>If fewer than 40 stocks meet criteria, the index may include companies with shorter dividend growth histories. <sup>3</sup>Returns are based on the composite closing price and do not represent the returns you would receive if you traded shares at other times. The first trading date is typically several days after the fund inception date. Therefore, NAV is used to calculate market returns prior to the first trade date. <sup>4</sup>NAV total returns for the fund are used to calculate Growth of \$10,000. ©2021 PSA 2020-2304
